ter Nirmala Sitharaman introamend the General Insurance Business (Nationalisation) Act (GIBNA), which will facilitate the proposed privatisation of a state-run general insurer by state-run general insurer by enabling the Centre to pare down its stake below 51%,

ome, have time-bound access other insured amount to meet inancial exigency. Last year, the government had raised the substantaman, however, sought to allay fears of unbridled privatisation of rather universe. She asserted that the Bill's passage will help public sector insurers map up additional resources from the markets, which will enable them to design more innovative products.

The DICGC (amendment) Bill will cover 9.8.3% of deposit value in the banking system, way above the global level of 80% and 20-30%, respectively, sitharaman had said earlier this week.

Also, as per the extantsystem, customers of a fallen

bank could lay their hands on the insured deposit amount only after the bank's liquida-tion, which would take even 8-10 years. So, the amendments were brought into ensure that customers, especially the small ones, have time-bound access to the insured amount to meet financial evicency. Last year.

more resources, she added.

The statement of objects and reasons of the Bill suggests that the government seeks to remove the requirement of the Centre holding not less than 51% of equity in a specified insurer. The minister said private

The minister said private general insurers can easily raise money from the market, which enables them to offer a better premium for insuring the public and develop innovative product base.

"Whereas public general insurance companies are not able to perform because they are always short of resources," Sitharaman said.

Announcing the Budget for FYZ2, Sitharaman had proposed to take up the privatisation of two state-run banks and one general insurer. "This would require legislative amendments.," she had said.

At present, the country has four public sector general insurers—National Insurance Company, New India Assur-

ance industry will also helpget more resources, she added.

ance Company, Oriental Insurance Company and the United India Insurance Company.

The government is yet to amounce the name of the firm for sell-off. However, NITI Asyog, which has been entrusted with the task of recommending a suitable candidate for privatisation, has reportedly suggested the name of United India to the core group of sceretaries on disinvestment headed by the Cabinets of the Severament's broader divestment goals for the financial sector, which also include privatisation of two banks and listing of insurance behemoth LIC. The government has set its overall disinvestment target for FY22 at \$1.75 lakh crore, about three-and-a-half of times the actual realisation last fiscal. (With PTI inputs)

Covid-19: 'Delta variant may cause more severe infection, spread as easily as chickenpox'

The Delta variant is more transmissible than the viruses that cause MERS, SARS, Ebola, the common cold, the seasonal flu and smallpox, and it is as contagious as chickenpox, according to the document, a cord of which was also obtained by The New York Times.

which was also obtained by The New York Times. The Delta variant -- origi-nally known as B.1.617.2 --might cause more severe dis-ease, according to the docu-ment. The immediate next step

The immediate next step for the agency is to "acknowledge the war has changed," the document said.

The document's tone reflects alarm among CDC scientists about Delta's spread across the country the NYT quoted a federal official, who has seen the research described in the document, as saving.

who has seen the receasing described in the document, as saying.

The agency is expected to publish additional data on the deadily variant on Friday.

The CDC is very concerned with the data coming in that Delta is a very serious threat that requires action now, the official said.

There are roughly 35,000 symptomatic infections per week among 162 million vaccinated Americans, according to data collected by the CDC as of July 24 that was cited in the internal presentation.

But the agency does not track all mild or asymptomatic infections, so the actual incidence may be higher.

Infection with the Delta variant produces virus amounts in the airways that

Infection with the Delta variant produces virus amounts in the nirways that are tenfold higher than what is seen in people infected with the Alpha variant, which is also highly contagious, the document noted.

The amount of virus in a person infected with Delta is a thousandfold more than what is seen in people infected with the original version of the virus, according to one recent study.

The CDC document remes on data from multiple stud-ies, including an analysis of a recent outbreak in Province-town, Massachusetts, which began after the town's Fourth of July festivities.
